

## QUALITY POLITICS

DADELOS AGRÍCOLA is an industrial company, technical-commercial focused, located in Valencia and created in 1999. Our misión is to detect the market evolution and meet the customers needs, distributing raw materials and supplements for animal feed market, being able to make customized products. As well as packaging and food storage products.

DADELOS AGRÍCOLA has a team of professionals in continuous development and growth, trained in different areas of the company and supported by experienced partners in the sector.

Currently, our main customers are in Spain and Portugal, providing a comprehensive logistics service. Our short/medium term objective is to expand range of products to be offered, increasing number of customers and suppliers, not only at Spain and Portugal level, but also at European level. As established in the company's strategic plan.

In order to achieve the estimated objectives, DADELOS AGRÍCOLA is betting on developing new quality products that provides value to our customers, improving the service by expanding the industrial plant in a NEW location. .

DADELOS AGRICOLA has a Quality Management system based on the UNE-EN-ISO-9001 standard, which allows us to maintain uniformity in product quality and services provided, and provide us with mechanisms to correct and, above all, prevent defects. Quality is an important part of the strategic plan

So, we seek to improve:

- Effectiveness in provided services, always hitting the first, using the principle of planning and prevention, giving the best solutions to our customers and suppliers.
- Proximity of the customer, generating better confidence, thanks to continuous contact.
- Fitting market requirements, knowing market evolution
- Our industrial capacity can manufacture new products that meet market requirements.
- The contribution of controlled quality products: parameterizing and controlling the manufacturing and logistic process.
